Scope & notes. • One standard randomized booster box per set (classic **Booster** → **Draft** Booster → **Play** Booster, plus UB **Beyond** boxes). Where a set also had a separate Set Booster box (2020–2024), only the primary draft/play box is listed. • **Alpha/Beta/Unlimited** were only sticker-sealed, so genuinely sealed boxes essentially don't exist — treat as museum pieces. • **Excluded** (no standard booster box): Commander precon sets and Collector-only UB sets **Doctor Who**, **Fallout**, **Warhammer 40K**; box sets (Game Night, Battle Royale, Beatdown, Anthologies, Unsanctioned); Duel Decks, Planechase/Archenemy; Jumpstart & Mystery Booster; Starter 1999/2000; Secret Lair / From the Vault; and digital-only sets (MTGO Masters Editions, Vintage Masters, Pioneer Masters, Arena Remasters). • **2027**: six more sets confirmed, unnamed. • Vintage sealed values are thin and volatile — confirm on PriceCharting, eBay sold listings & Heritage Auctions before buying.

Compiled June 2026 • 176 sets • approximate secondary-market values (PriceCharting, MTGStocks, TCGPlayer, Heritage Auctions).
