How to use this. Each set lists how many distinct Prerelease Packs it had (#) with one checkbox per variant — tick each as you get it. **Gold rows** are the multi-variant 'choose a faction' sets. • **Faction breakdowns:** guild sets = the 5 (or 10) Ravnica guilds; Tarkir = the 5 clans (Abzan, Jeskai, Sultai, Mardu, Temur); Theros block = 5 colors/Hero paths; Origins = 5 planeswalker colors; Strixhaven / Secrets of Strixhaven = 5 colleges; New Capenna = 5 crime families; Dragon's Maze = all 10 guilds. • **Scope:** the modern, purchasable Prerelease Pack began with Return to Ravnica (Sept 2012). Earlier sets held prerelease events with promo cards but no standardized take-home box. • **Excluded** (no Prerelease Pack): Masters/reprint sets, Commander sets, supplemental/Jumpstart sets, Modern Horizons, and Collector-only UB sets (Doctor Who, Fallout, Warhammer 40K, Assassin's Creed). • 2025–2026 UB and unreleased sets marked 'projected' — confirm at release.
